

Program in Atmospheric and  
Oceanic Sciences  
Forrestal Campus  
300 Forrestal Road, Sayre Hall  
Princeton, New Jersey 08540

November 16, 2015

To whom it may concern:

Monica Flores, a web designer contracted by Ching Foster, was actively involved in the development of our Center for Southern Ocean Biogeochemical Observations and Modeling (C- SOBOM) website in September 2012. This website was later converted to the Southern Ocean Carbon and Climate Observations and Modeling (SOCCOM).

Sincerely,

A handwritten signature in cursive script that reads "Laura Rossi".

Laura Rossi  
Manager, Atmospheric and Oceanic Sciences Program  
Administrator, Cooperative Institute for Climate Science
